User Manual Guide

Black Code Team

Welcome to BCT

We are a leading non-state Conference Management Tool awarding Final project approved by the Application Framework Module (AF) under the project criteria. We are also members of the Software Architecture (SA), as well as the International Association of Conference Management (IACM), and the first Sri Lankan Conference Management Tool.

The Conference Management Toolkit (CMT) is sponsored by Application Framework. CMT runs on Cloudinary and Mongo DB cloud platform with data geo-replicated across data centers. It is highly secure, available, scalable, and reliable. CMT handles the most complex workflows of academic conferences. Its functionalities are fully accessible through web based interfaces.

Home Page

❖ When coming to the our Conference Management Tool, It's shows like under image. ☟
